**Our Mission:** Our objective is to find young students with excellent ability to learn, who are honest, good mannered and help them to achieve their dreams and become professional citizens.

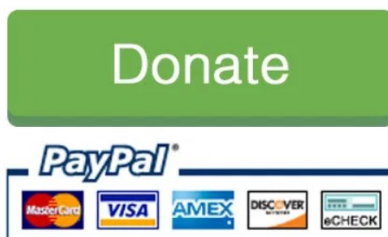

**About Goifhe:** Goifhe is a non-profit organization dedicated to help young minorities to achieve a higher education (Trade School, College, University). Goifhe is founded mainly by the Ovide's family & friends in honor of their son, Guybert Ovide who died in December 1999 at the age of five.

**Where the Money Goes:** Goifhe is not affiliated with any political party. Funds received will go solely to participants education, 40%-50% or less will be used for office use, supplies and staff.

**Student Requirements:** Participants must keep their GPA between 3-4. Participants must be respectful, intelligent, honest, great character, and free of drugs. All candidates must show their birth certificate and Photo ID. A criminal report will be taken for all candidates. Our financial support to a youth will stop immediately after participants graduate and job placement.

***We are here not for income,  
but for outcome!***
